

Cut out rectangular pattern then cut along all lines marked X.

Fold along line A and then straighten the fold back out.

Fold lines B and C back so the two flaps overlap.

Fold along line D toward the back.

Fold along line E toward the back, then fold line E again back to the front.

Fold line A back up to form a little bend or hook at the bottom.

Use a paperclip to hold the hook down flat.

Paper Helicopter

Throw it into the air
and watch it fly.

(Four Helicopter Patterns)
